

WHAT IS THE LIFECARE DESIGN STUDIO?

LifeCare Design Studio, LLC (LCDS) is a specialized firm that designs and builds homes as well as other structures for families or individuals with special needs. LCDS works with social workers, teachers, healthcare professionals and other experts to ensure the unique needs of those concerned are met in the design. Recognizing that an all-inclusive living experience is far more than bricks and mortar, LifeCare Design Studio, LLC is now affiliated with Protected Tomorrows, Inc.

Protected Tomorrows, Inc. is the leader in enhancing the lives of families with special needs. They provide a comprehensive life planning process as well as accompanying services and their passionate team of professionals has a personal connection with the special needs community. They understand the concerns of individuals and families firsthand. Working together with LifeCare Design Studio, Protected Tomorrows encourages an independent lifestyle through coordination of services for living, learning, working and playing to support a full life for every individual.

PARTNER WITH US FOR A COMPLETE SOLUTION

The LifeCare Design Studio focuses on barrier-free and universal access strategies. It does so by offering consultancy, planning, design and building services for homes (existing and new), assisted-living, aging-in-place facilities, affordable housing, public, institutional and commercial buildings. With a great breadth of experience in creating affordable, accessible facilities, we understand the challenges that must be faced in creating an environment that brings you peace of mind.

SERVICES WE PROVIDE INCLUDE

- **Barrier-free Group Homes**

Create a space that coordinates accommodations, services, and personal assistance in a manner designed to promote living for seniors.

- **Assisted and Independent Living**

Build specially designed dwellings with an atmosphere that maximizes enjoyment.

- **Customized Homes**

Plan uniquely conceived homes in a setting that facilitates an optimal ability to live, work and play.

- **Retrofit Homes**

Enable a barrier-free upgrade of an existing structure without altering its character

ACCESSIBILITY EXPERTS

For more than 25 years, our licensed architects have been providing barrier-free, universal access design services to the community. Put our experience to work for you!

LifeCare Design Studio, LLC provides the following options:

- **Design Consultancy:**

We will review current designs and advise on the best way to maximize barrier-free access and intended use.

- **Design:**

We specialize in developing projects for custom designed homes, from the concept design to construction drawings.

- **Design/Build:**

We combine design with construction and project management, providing very affordable options to help you manage the total project cost.

The team at LifeCare Design Studio provides unparalleled service, working with you to create the best possible living experience.
